

# Croft Church of England Primary School

## Sports Funding Statement 2015 / 2016 and use of funding for 2014/2015

Croft Church of England Primary School understands and values the importance of physical activity and sport. The children are encouraged to undertake a range of sports and activities both within the Physical Education (PE) curriculum and also in extra-curricular activities. The Department for Education, Health and Culture and Media and Sport have allocated ring-fenced funding to support the provision.

For the 2014 / 15 academic year were provided £8510.

By the correct management and use of this money we:

- Encouraged a high level of sports participation by all our boys and girls across both key stages for the school.
- Provided a fun, varied and quality PE Curriculum.
- Developed our children as rounded athletes beginning with basic movement literacy.
- Actively encouraged participation in Physical Education in its various forms to promote the health and well-being of our children.
- Participated in a range of interschool sports tournaments, learning to win and lose!

We have received the same amount again for the academic year 2015/2016. Here is how we plan to spend it.

- Increase the range of sporting clubs, opportunities and taster sessions offered to all of our pupils. Ensure there are sporting opportunities that every child can access and enjoy.
- Increase the participation levels of sport within our school by selecting children for competition based on both ability and targeted need (such as weight, fitness level).
- Develop groups of children who have previously missed out on sporting activities through participation in Big Moves programme for children with delayed physical development. Girls active Lifestyles for girls who lack confidence and do not engage in physical activity or traditional sports. Energy Club for children who are overweight, have health barriers to participation or have low levels of participation outside of school. These initiatives will promote health and well-being to all our pupils.
- Participate in a wider range of interschool sports tournaments; increase our participation by 50% in competitive sports competitions.
- Send some of our children on training to become sporting ambassadors, and give them the resources they will need to promote sporting participation and enjoyment with their peers.
- Buy in quality CPD for PE for all staff to allow them to deliver high quality and varied PE in their weekly lessons.
- Maintain a varied and quality stock of PE equipment to enable school PE and after school clubs to be correctly resourced to achieve success in sport.
