Christian values – forgiveness. Our children are working very hard at understanding why forgiveness in our lives is essential. I am so proud of everyone for their mature attitude when dealing with a very tricky value.

Sign of the week - mum

The little Rainbows had a very busy week last week, learning about how families celebrate birthdays. They designed birthday cards for Jelita, our persona doll, and they celebrated her 4th birthday on Wednesday 11 March. They even baked fairy cakes for her. We have been talking to the children about how to wash their hands thoroughly, and they have watched an NHS video to demonstrate how they should do so. The Rainbows have been singing 'happy birthday to you' whilst washing their hands. Perhaps, you can encourage them to do the same when they are at home.

Cook Class have been getting very busy! The children have been superstars and trying so hard with everything. The children are learning about 'The Three Little Pigs' due to their fascination with building. They have also been learning how to wash their hands thoroughly!

Jeffreys Class had a fantastic science day. The day began by listening to the real-life experiences of an interesting engineer. Pupils became detectives and worked together to solve a crime. They also predicted what would happen when raisins were added to soda water and created their own ramps for travelling eggs! Jeffreys class have worked incredibly hard to put together a fabulous class assembly. Well done Jeffreys class! We would like to say a big thank you and good luck to Miss Duffy, who finished her teaching placement on Friday.

This week Hawkins class have been focusing on statistics in Maths. We have been looking at tally charts and pictograms. In RE we reminded ourselves of the Easter Story and thought about parts of the story that Christians might find happier or sadder than others. We used the wax crayons to create Easter Story art work. We loved wearing our sportswear for Sport Relief day and enjoyed the yummy cakes that we brought to raise funds for a worthy cause! This week coming, we will be carrying on looking at statistics then starting our next unit of fractions in Maths.

Star of the week

Sophie – for working hard at staying focused on her activities. Youseff – for showing great enthusiasm on his first school trip. Joshua – for trying hard to concentrate well this week. Imogen – for consistently being diligent. Cameron – for working in an industrious quiet way. Lucas – for being aware of other people’s feelings and working really hard with challenging tasks.

Due to the current situation in the country we are cancelling events. I know this is very upsetting and disappointing but we are keeping the children safe by following the latest government advice.

Date changes:

20th March Lineker class assembly postponed

27th March Whittle class assembly postponed

3rd April Cook class assembly postponed

1st and 2nd April Parents’ evening postponed

Please read the letter from myself and Chris Southall that is being sent out today. It has up to date advice regarding the virus and plans within the school.

If you are worried about anything, please come and talk to me.

**Warm regards
Rachel Roberts.**
